Policy: **Matriculation**  
Responsible for Policy: **Enrollment Management**  
Policy Number: **A-13**  
Most recent approval date: **Fall 2012**

**Policy Statement**
In compliance with the Full Opportunity Plan of the State University of New York, admission to Finger Lakes Community College is open to any person whose academic potential, record, and/or qualifications demonstrate that the student may successfully pursue one of the programs of study offered by the College. Finger Lakes Community College does not discriminate on the basis of race, color, creed, religion, national origin, sex, age, personal affiliations, disabilities, marital or veteran status in its admission policies.

Finger Lakes Community College students who maintain continuous enrollment or who discontinue enrollment for three or fewer consecutive terms (summer and Jan/Plan sessions excluded) shall maintain matriculation status.

A matriculated FLCC student in good academic standing who discontinues enrollment for more than three consecutive terms (summer and winter sessions excluded) shall lose his or her matriculated status and must contact the Admissions Office to complete the re-matriculation process.

However, FLCC students matriculated in a program with limited enrollment capacity, such as a health-related program (i.e., Nursing) will be placed on inactive status in the program if enrollment is discontinued for reasons other than graduation (the student may retain matriculated status in programs not subject to limited enrollment).

**Reason for Policy**
This policy is designed to facilitate efficient use of Finger Lakes Community College’s academic resources by establishing standards for matriculation and curriculum change.

**Applicability of the Policy**
All FLCC full- and part-time students as well as College employees responsible for making determinations affecting students’ matriculated status, should be familiar with this policy.

**Definitions**
- **Matriculated student**: a student who has been accepted by the Finger Lakes Community College Admissions Office and is enrolled in a degree or certificate program
- **Non-matriculated student**: a student who is enrolled in college classes but has not been admitted formally to a degree/certificate program, or has lost matriculated status because of unsatisfactory academic performance or as otherwise set forth in this policy.

Procedures

Admission for Second Associate Degree Program
Current and formerly enrolled students who have been away from the College for less than 6 years and who are interested in obtaining a second degree should make application through the One Stop Center. Former students who have been away from the College for 6 years or more must complete the admissions application. There must be a minimum 15 credit hour difference in the requirements of the two degrees for approval of the second degree to be granted. If the two degrees are earned simultaneously, they may be awarded concurrently. Students are limited to pursuing a maximum of two degrees simultaneously.

Re-enrollment by a Matriculated Student in a Limited Enrollment Program (e.g., Nursing)
A student will be placed on inactive status following one semester of non-enrollment (summer and Winter Session sessions excluded). In a program with limited enrollment capacity, a student must request readmission to the program through the Admissions Office.

Readmission
Students placed in non-matriculated status due to a discontinuance of enrollment for more than three semesters, but fewer than 6 years, may complete a Re-matriculation Application. Students in non-attendance for more than 6 years, must reapply to the College to regain matriculation.

Degree Requirement Exceptions (does this really belong here??)
A matriculated student may request a program requirement exception through the Student Records Office. The request is processed only after it has been signed by the Department Chair and the Associate Vice President for Instruction and Assessment. The student will be formally notified by the Student records Office of any approved exception to his/her degree requirements via a revised degree audit form.

Exceptions
Students who have lost matriculated status because of unsatisfactory academic performance must follow specific requirements for reinstatement. The academic appeal process is handled by the Office of Community Standards; students can apply for reinstatement online at https://www.flcc.edu/offices/judicial/forms/dismissal.cfm.
